BAPTISTS

(Continued from page 1.)

nominations in this country and Canada are awaking to a realization of the world's need of Jesus Christ and joining together in an earnest effort to meet that need, and "Because the doors of all nations, many of which have been closely barred for centuries, within the last few years have been thrown wide to the entrance of the Gospel, while millions of alien people have been brought to our own shores and are thus readily accessible,

"Therefore, we, the men of the Baptist churches of Clarksburg and vicinity, resolve to more diligently study the world field and our relation to it; to more earnestly and systematically pray for the entire world; to give more readily and commensurately as the Lord has prospered us; and in order that our churches may better attain to the measure of their ability and privilege in this work, we recommend the following work:

"First—A live men's missionary committee in every church.

"Second—The co-ordination of all benevolences, for home and foreign missions, as well as for state and city work, and a weekly system of offering for these combined causes.

"Third—An every-member canvass to secure this weekly offering in all our churches.

"Fourth—That we endeavor to attain to an average of not less than ten cents per week per member for the spread of the Gospel throughout the world."

The chairman then introduced the missionaries present, the Rev. A. C. Bowers, of Assam, and P. H. Lorrigo, of the Philippines, and the missionary secretaries, the Rev. J. S. Stump, the Rev. L. E. Peters, the Rev. M. A. Summers and the Rev. A. B. Withers.

Dr. W. T. Stackhouse was then announced and a commanding figure arose from behind the center of the speakers' table. After riveting the attention of every man present by his slow, kindly, yet piercing glance about the room, he opened his address by a good story about a preacher who disposed of a dinner prepared for three men, and said he judged by the healthy appetites displayed before him that there were preachers in the audience. From this he went on to speak of his own experiences in mission work in the west of Canada, and told an especially touching incident of a man brought to Christ upon his deathbed who passed away with the regret upon his lips, "Must I go empty handed?" He then spoke of the splendid results which had been attained by the men in the churches of Canada and affirmed that the men in this land were living up for even greater things. He spoke of the relations between the two great English speaking nations, and with all the vehemence of his forceful utterance, exclaimed, "Cursed be the hand, and palsied the brain that shall ever strive to put enmity between these two great peoples." Great applause followed.

He told of a certain deacon who was worth fifty thousand dollars, who divided a dollar into about ten minute parts for the different benevolent causes of his church, and called that his gift to his God. Dr. Stackhouse said there were no deacons of that kind in West Virginia. His address closed with a presentation of a practical method whereby every missionary problem of the whole world field might be saved.

The response from the audience was immediate and enthusiastic. The resolutions already presented were unanimously adopted and a vote of thanks tendered the ladies

for the splendid way in which they had risen to the occasion in preparing the banquet.

Over three hundred were present. Mr. Taney Harrison, the chairman, said at the beginning of the banquet that he wanted the men to do something that usually came at the end of the dinner, and that was for all men to get as far under the table as possible. This was to give the ladies a chance to pass between the chairs. The meeting was voted by all a very great success.

MILD, GENTLE LAXATIVE FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menstruation ceases she has always vastly better prospects of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, pimply complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup Pepsin. It is a woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc., which are entirely unsuited to woman's requirements.

Mrs. Katherine Haberstroh of McKees Rocks, Pa., and Mrs. A. E. Herrick of Wheeler, Mich., who was almost paralyzed in her stomach and bowels, are now cured by the use of this remedy. A free sample bottle can be obtained by addressing Dr. Caldwell, and after you are convinced of its merits buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 241 Caldwell building, Monticello, Ill.
